

Judo Mind - International Presentation

Judo Mind is the world's first AI-powered, multilingual super app for judo. Built for athletes, coaches, clubs, and federations, it integrates training, competition, psychology, video analysis, and monetization into a unified ecosystem.

Unique Advantages Over Competitors

Unlike apps like JudoFanatics or Judobase, Judo Mind offers:

- Full integration: Training, mental prep, competition, and monetization
- AI-based video analysis (Sensi Bot)
- Smart prediction engine (Sensi Bet)
- Multilingual design with cultural customization
- Club and federation licensing system
- Personal branding and marketplace integration

Revenue Model for IJF

Judo Mind offers a multi-tiered monetization model:

1. B2C - Global Subscriptions:

- Free / Pro / Elite tiers for athletes
- Paid access to video analysis, coaching, and Sensi Bet

2. B2B - Federations & Clubs:

- Custom white-label version with federation branding
- Athlete management, finance dashboard, training control

3. Ads & Sponsorships:

- Ads from Mizuno, Adidas, Fuji, Tatami

4. Licensing & NFT:

- Global sale of national versions
- NFT badges and digital collectibles

Growth Forecast (3 Years)

Year 1: Pilot with 5 federations - 50k users

Year 2: Expansion to 20 countries - 500k users

Year 3: Global release - 3M+ users

Projected Annual Revenue: \$8M-\$12M by year 3

Target Markets: Europe, Japan, Iran, Brazil, USA, France

Collaboration Proposal with IJF

Judo Mind seeks formal partnership with IJF:

- Co-branded app version (IJF Powered)
- Revenue sharing from licensing, subscriptions & ads
- Marketing synergy with IJF events and media

Let's build the digital future of judo together.
